

SUMIT PASPOLA

Frontend Developer

OBJECTIVE

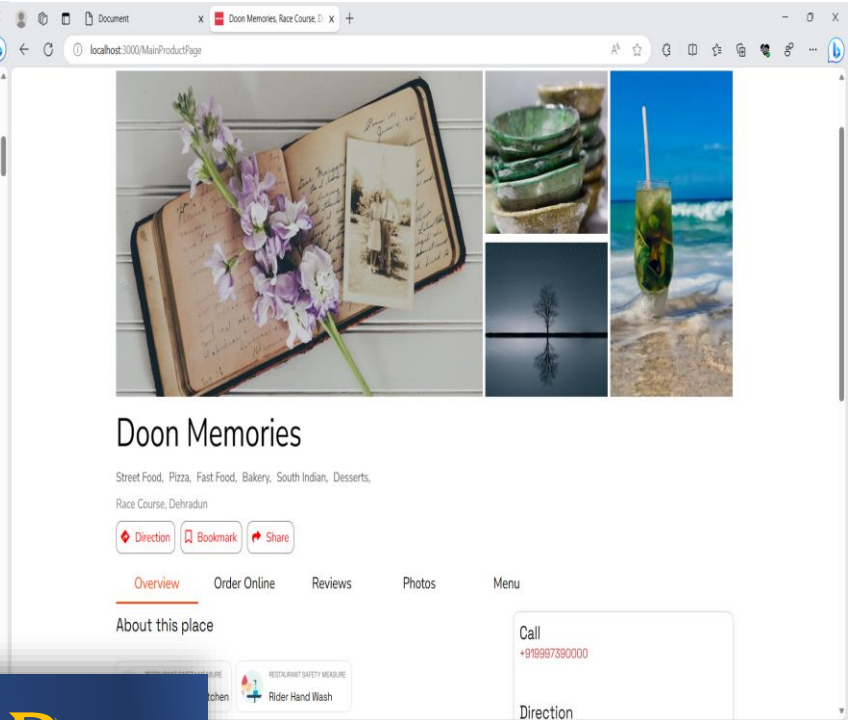

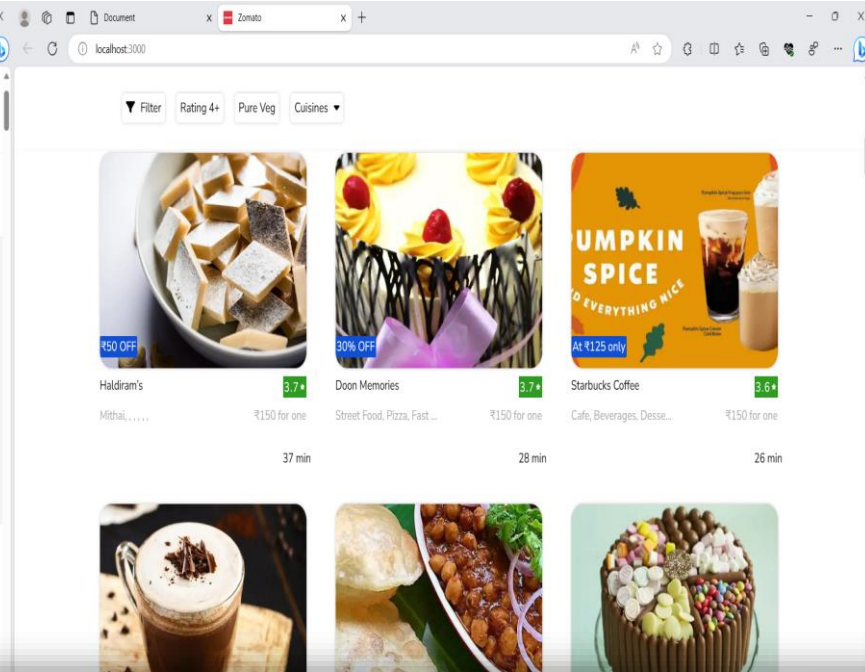

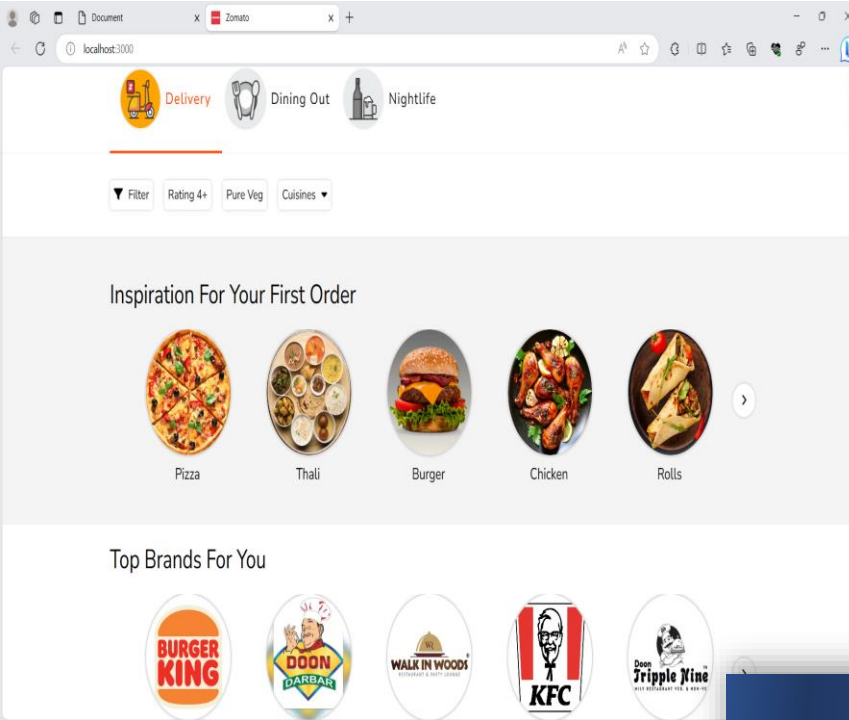

I am a passionate frontend developer with a strong foundation in HTML, CSS, and JavaScript. I am driven by the desire to create intuitive and visually appealing user interfaces that enhance the overall user experience. My skills include proficiency in modern frontend frameworks such as React, as well as a keen eye for design and usability.

As a 1st semester college dropout, I've taken the initiative to immerse myself in self-guided learning and personal projects, which have equipped me with practical experience in building responsive and interactive web applications. I am dedicated to staying updated with the latest industry trends and technologies.

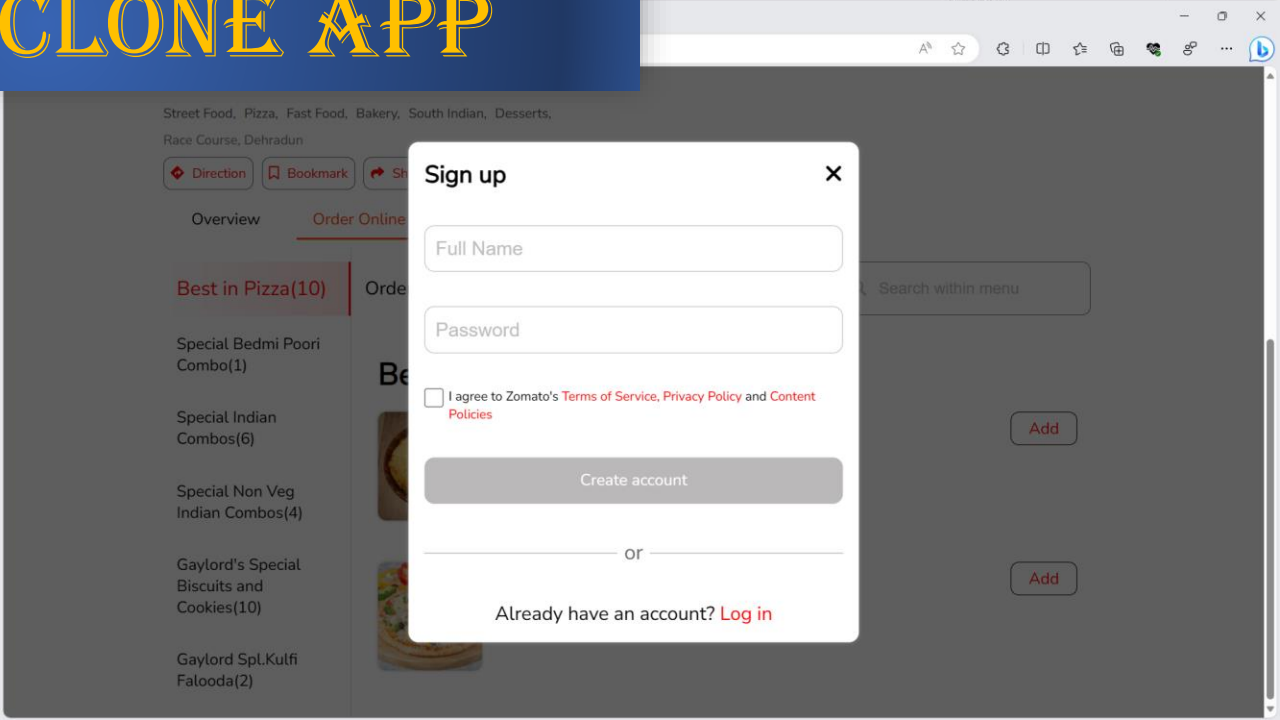

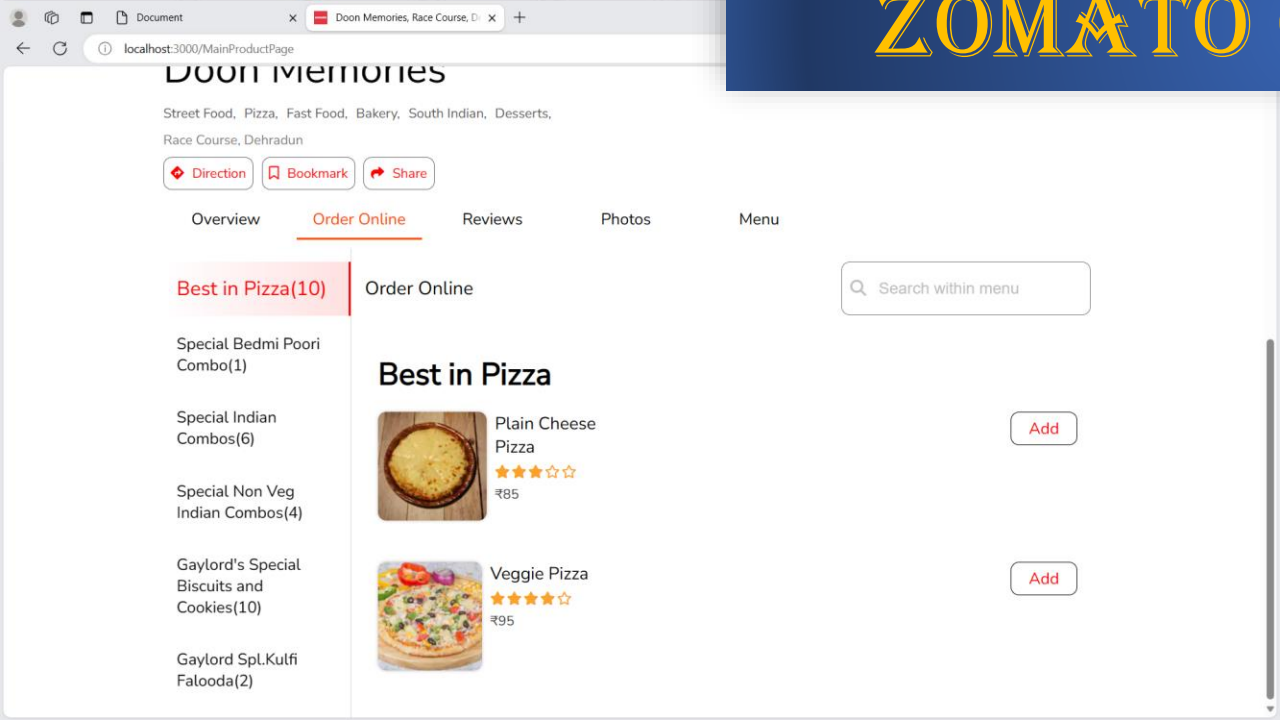

In my career, I aspire to collaborate with dynamic teams to craft innovative web solutions that not only meet user needs but also exceed their expectations. I am excited to contribute my skills and creativity to projects that push the boundaries of frontend development and ultimately contribute to seamless digital experiences.

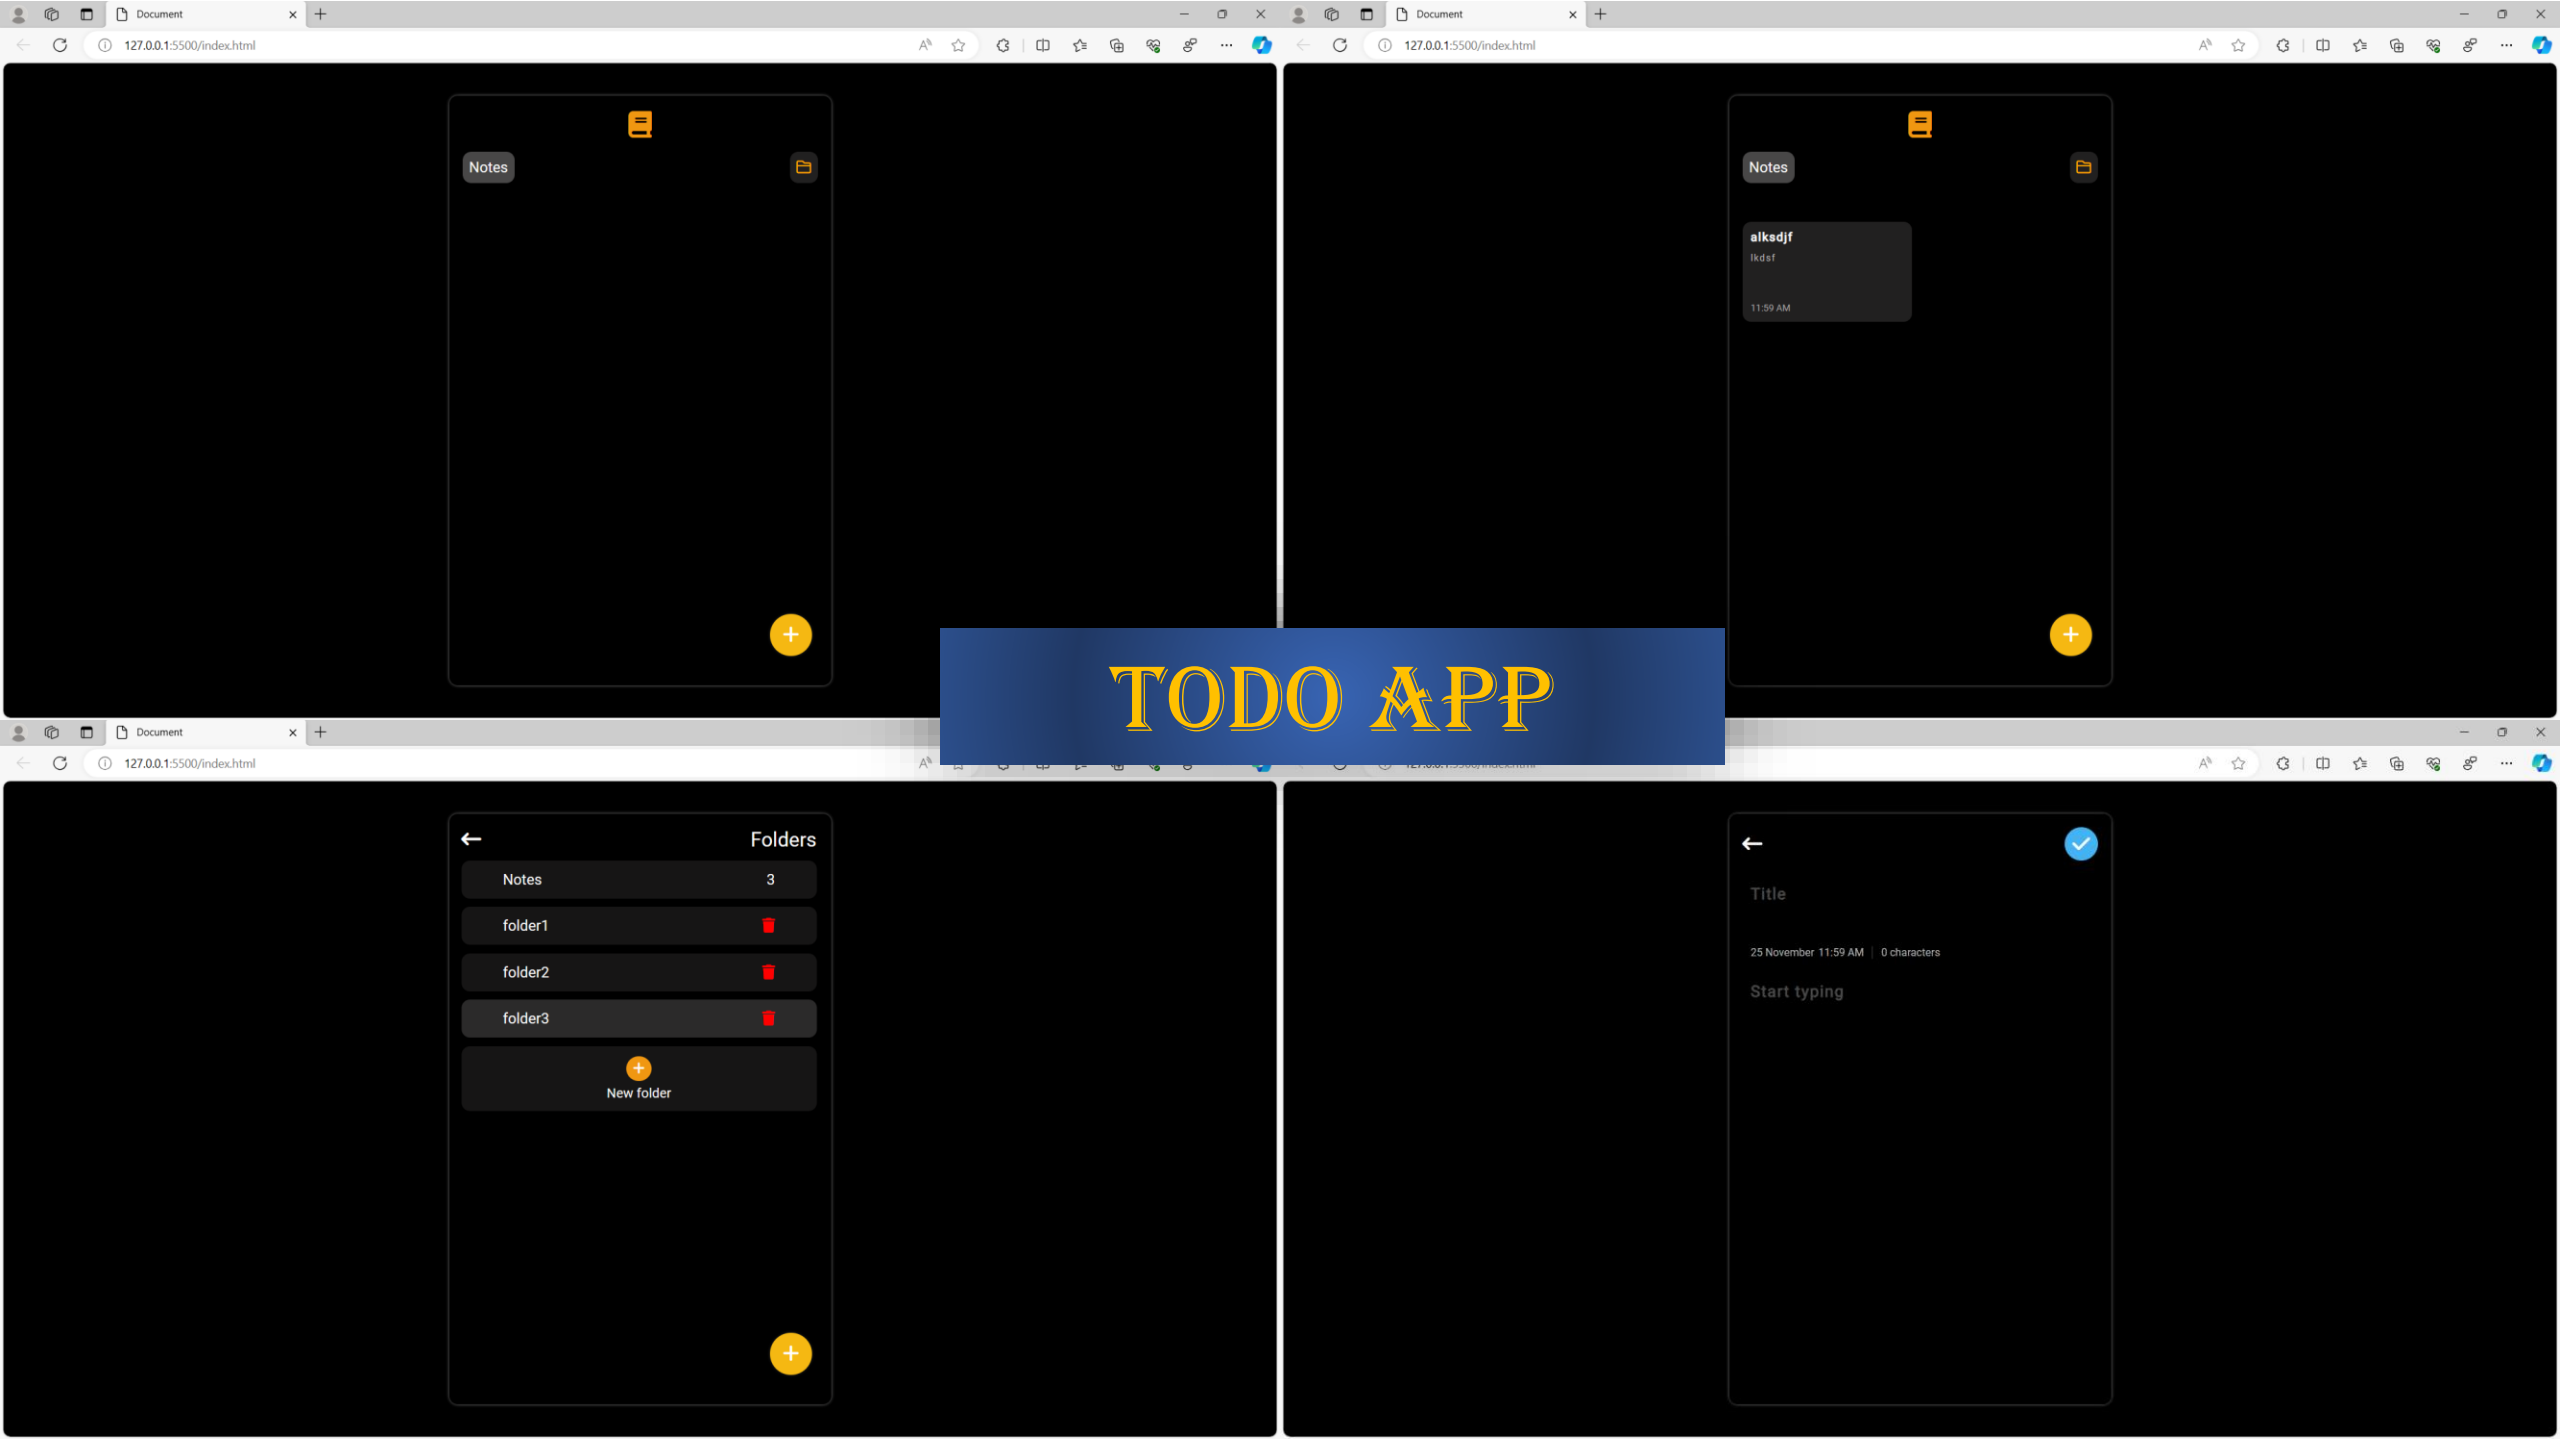

MY

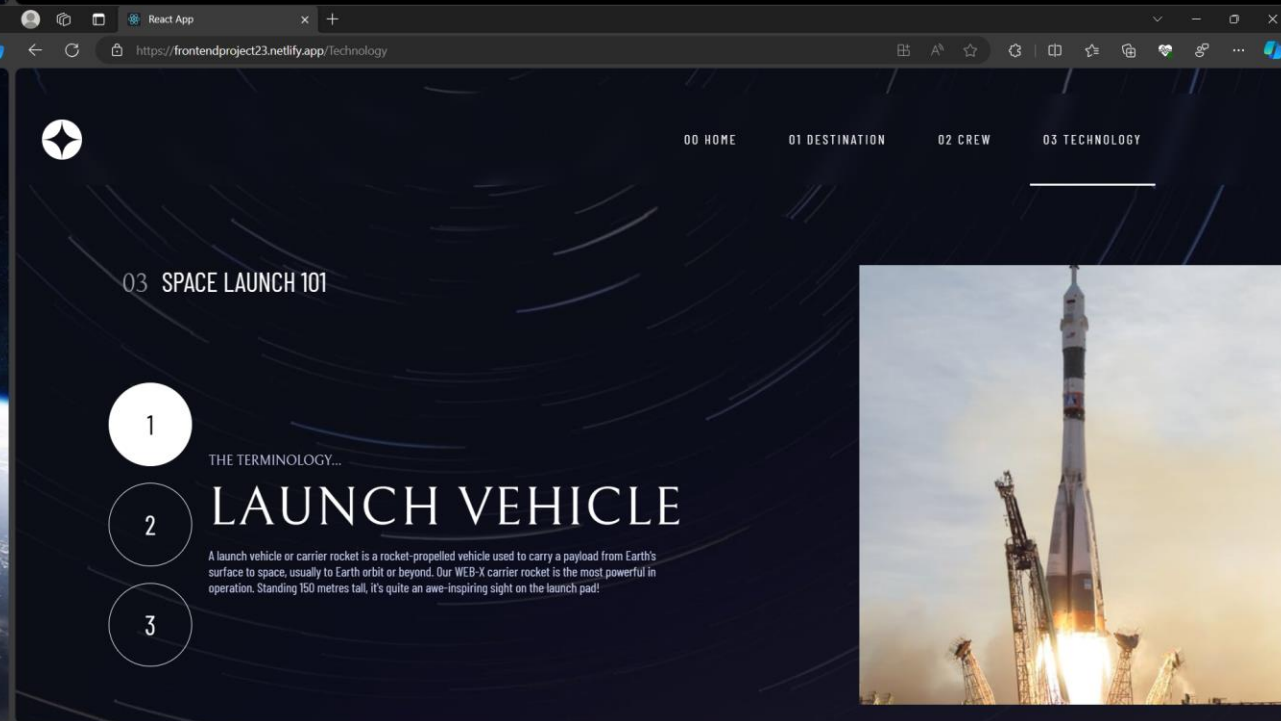

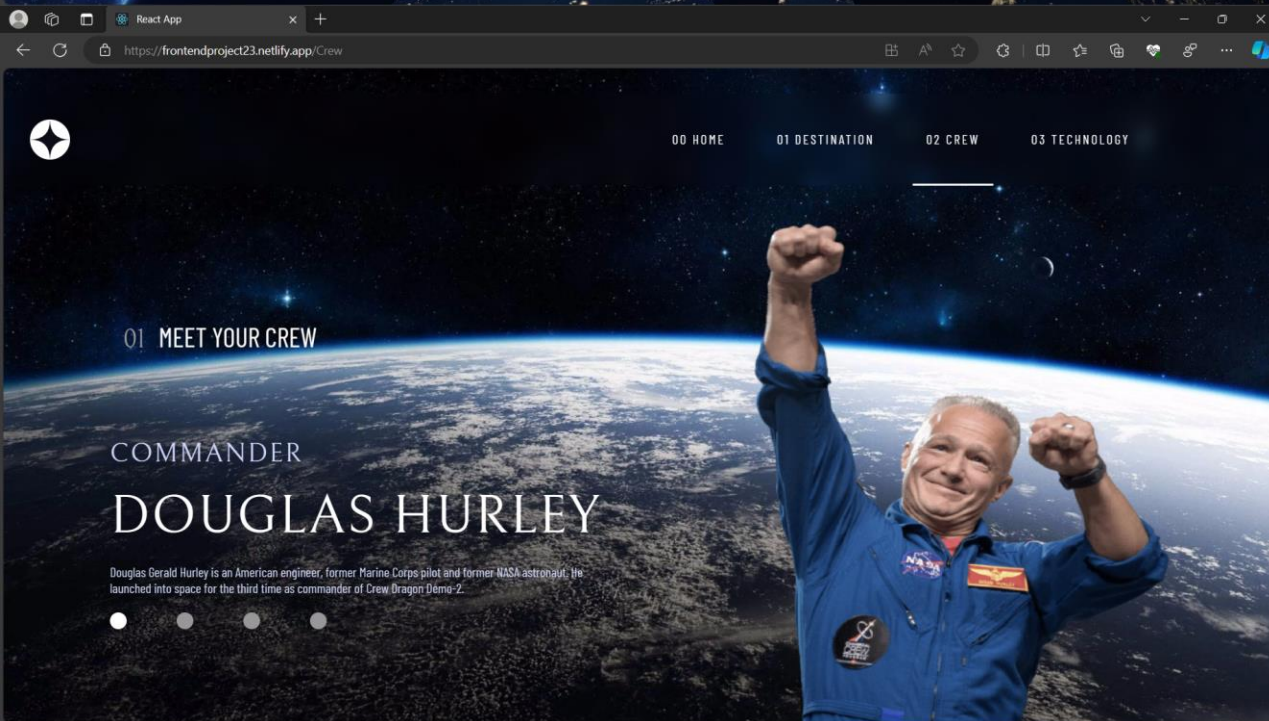

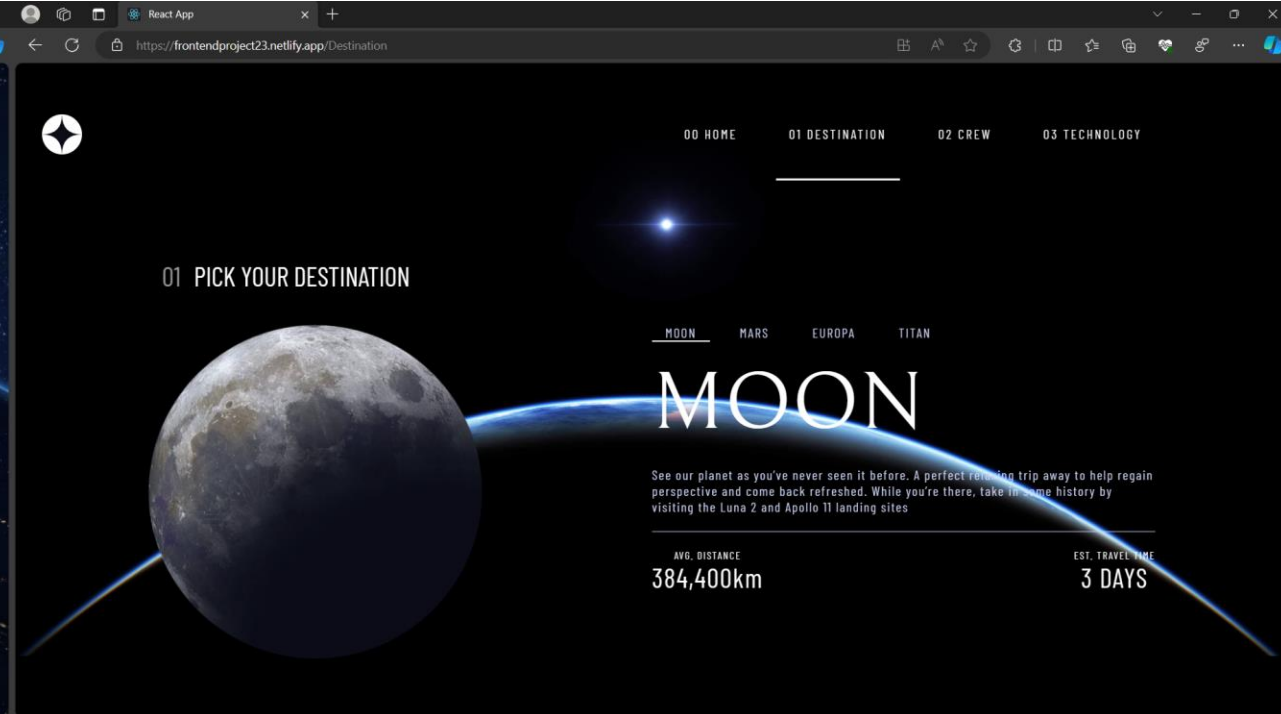

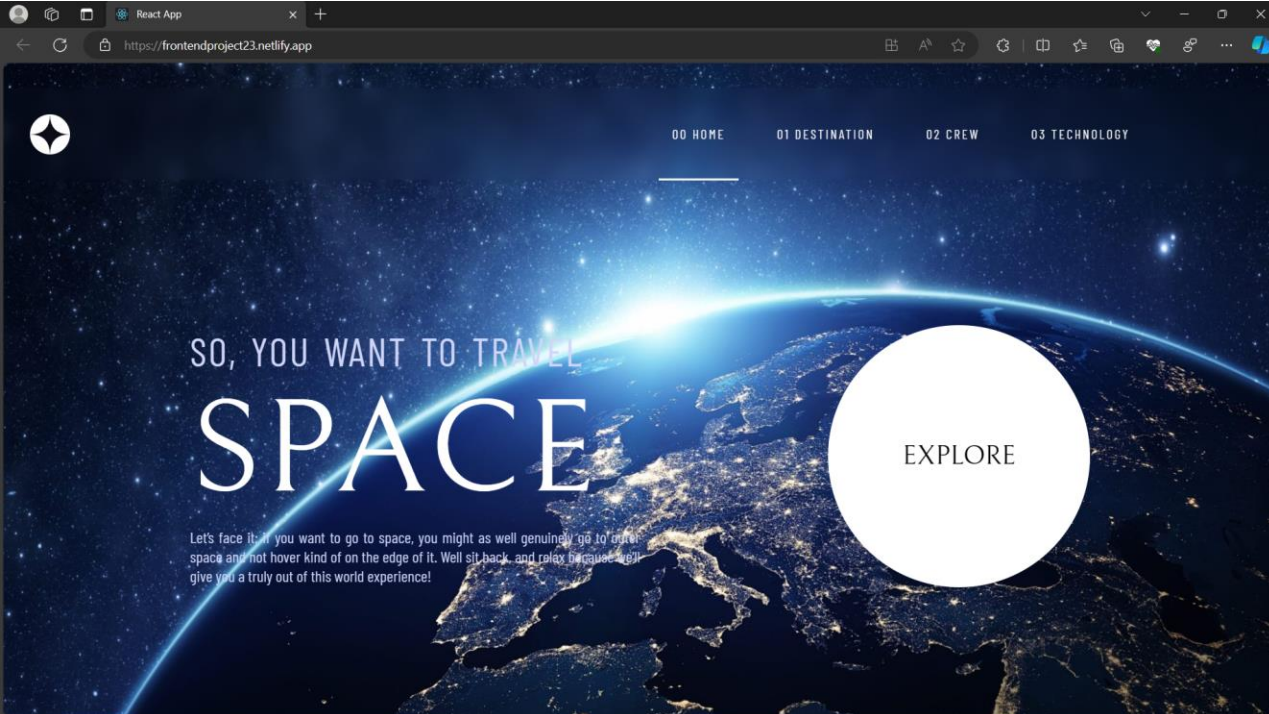

PROJECTS

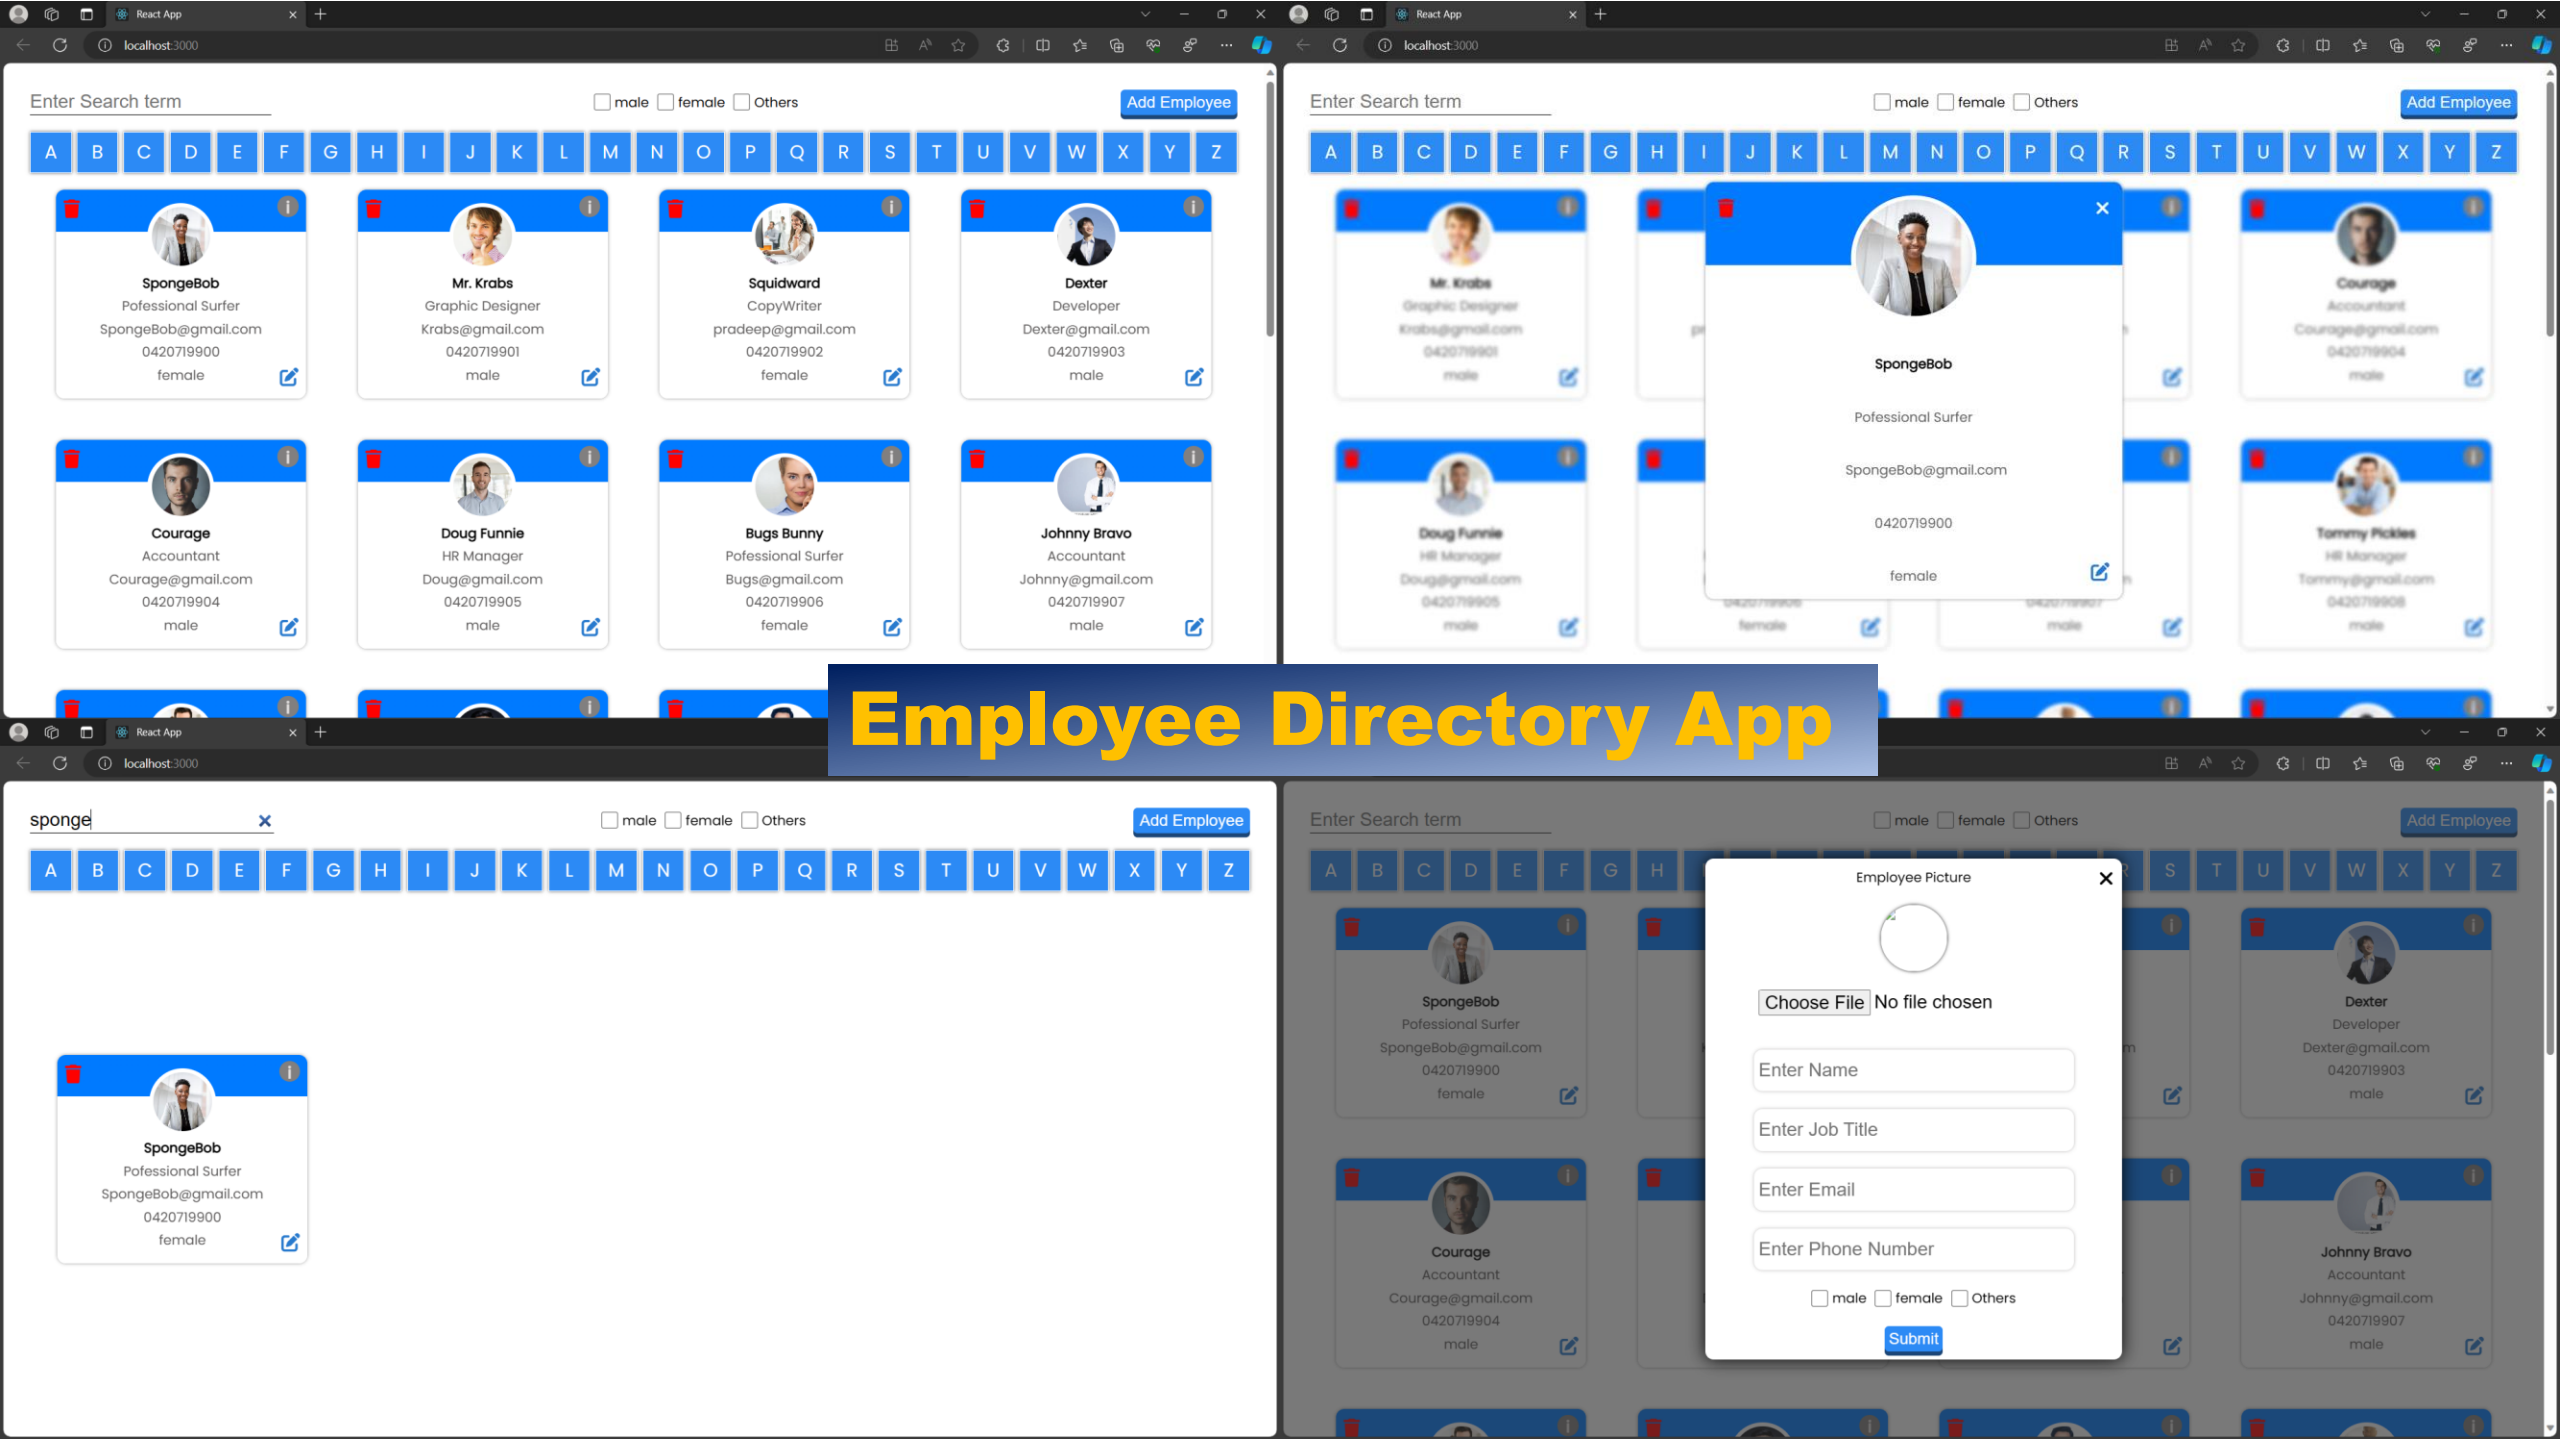

ZOMATO CLONE APP

S

HTML

With a solid foundation in **HTML**, I excel in structuring content for the web, ensuring accessibility and semantic markup for an optimized user experience.

MY SKILLS

S

HTML

With a solid foundation in **HTML**, I excel in structuring content for the web, ensuring accessibility and semantic markup for an optimized user experience.

K

CSS

Proficient in **CSS**, I bring designs to life with precision, using stylesheets to enhance layout, typography, and visual appeal, creating visually stunning web pages.

L

JAVASCRIPT

As a newcomer in **JavaScript**, I'm enthusiastic about implementing dynamic and interactive elements, enhancing user engagement and functionality on websites.

L

REACT JS

Venturing into **React**, I'm excited to leverage its powerful library for building modern, efficient, and responsive web applications, pushing the boundaries of user interface development.
